DISTINGUISHING FEATURES OF THE CLASS: Employees in this class are responsible for the maintenance of security and order in county buildings and grounds and school districts throughout Ulster County. This class is distinguished from that of Security Attendant in that Security Guards have greater responsibility for protecting county property and the welfare of employees and visitors. The work is performed under general supervision with the employee exercising personal judgment in handling problem situations in conformance with established agency policies and procedures. Supervision is not normally exercised over the work of others. Does related work as required.

SUBJECT OF EXAMINATION: Written test will cover knowledge, skills, and/or abilities in such areas as:

Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

Applying written information in a safety and security setting

These questions evaluate your ability to read, interpret and apply rules, regulations, directives, written narratives and other related material. You will be required to read a set of information and to appropriately apply the information to situations similar to those typically experienced in a public safety and security service setting. All information needed to answer the questions is contained in the rules, regulations, etc. which are cited.

Principles and practices of safety and security

These questions test for a knowledge of the proper principles and practices in the field of safety and security. The questions will cover such areas as selecting the best course of action to take in a safety or security related situation.

Following directions (maps)

These questions test your ability to follow physical/geographic directions using street maps or building maps. You will have to read and understand a set of directions and then use them on a simple map.

Test guide:
