

## **CHEMICAL DEPENDENCY SPECIALIST - CHILDREN'S SERVICES**

**DISTINGUISHING FEATURES OF THE CLASS:** An employee in this class provides a full range of psychotherapy, counseling and social work services for children and their families affected by substance abuse. The work is performed independently with wide leeway allowed for independent judgment and initiative in individual cases. Clinical supervision is received from higher ranked clinicians at regularly scheduled sessions and on request. Clinical supervision may be exercised over the work of students. Administrative supervision is not a responsibility of an employee in this class. Does related work as required.

**TYPICAL WORK ACTIVITIES:** The typical work activities listed below, while providing representative examples of the variety of work assignments in the title do not describe any individual position. Incumbents in this title may perform some or all of the following, as well as other related activities not described.

Provides individual and group psychotherapy;

Provides group, individual and family counseling;

Provides full case management services to clients;

Identifies and utilizes all contacts and resources available to the client, including family, friends, employers, community agencies, social service agencies, etc., in order to establish an overall, or systems, approach to alcohol and drug treatment;

Provides clinical direction and supervision to students;

Provides advice and guidance to peers on request;

Provides consultation to other agencies in areas of substance abuse as well as child and family treatments;

Attends staff meetings to exchange information and receive supervision;

Establishes and maintains a liaison with a wide range of internal and external agency personnel in order to coordinate and maximize delivery of care;

Maintains records and prepares reports of a narrative and statistical nature as well as general correspondence;

Receives in-service training and keeps abreast of latest developments in the mental health field related to substance abuse as well as child and family treatments;

May be required to be on call during unscheduled working hours if circumstances of the assignment deem it essential.

**FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS:** Thorough knowledge of the causes, effects and symptoms of substance abuse addiction, family dysfunction, and of counseling and psychotherapeutic techniques;

thorough knowledge of area behavioral health, medical, educational, vocational, legal and social

service providers and other available community resources; working knowledge of child and adolescent development; working knowledge of the causes, effects and symptoms of mental illness, and of counseling and psychotherapeutic techniques to treat children and their families; ability to effectively utilize these other resources in conjunction with direct clinical services, in an overall psychosocial approach to treating substance abuse clients; ability to establish and maintain effective liaison with a variety of other service providers; ability to establish and maintain a rapport with substance abuse clients and their families; ability to establish and maintain effective working relationships with other agency staff; ability to maintain records and prepare narrative reports, statistical reports and general correspondence; ability to provide clinical supervision to students; willingness to participate in and benefit from in-service training; willingness to keep abreast of new developments in the mental health field related to substance abuse; sound professional judgment; tact; physical condition commensurate with the demands of the position.
