

EDUCATIONAL TECHNOLOGY PURCHASING SPECIALIST

DISTINGUISHING FEATURES OF THE CLASS: The work involves the responsibility of managing all aspects of purchasing and related record keeping for technology equipment, software, and services provided through BOCES for districts. An employee in this class keeps informed on NYS and Federal purchasing laws and is responsible for the purchasing process and keeping the district informed. The work is performed under the general supervision of a higher-level employee with leeway allowed for the use of independent judgment in carrying out the details of the work. Supervision is not normally a function of this class. Does related work as required.

TYPICAL WORK ACTIVITIES: The typical work activities listed below, while providing representative examples of the variety of work assignments in the title do not describe any individual position. Incumbents in this title may perform some or all of the following, as well as other related activities not described.

Works with Supervisor on establishing “best buy” options and provides districts with the information in a timely manner;

Maintains ongoing communication with vendors regarding knowledge of changes in equipment, systems and software;

Performs all aspects of the purchasing process and renewals as well as asset management facilitation;

Assists with facilitating financing options for federal and state technology funding;

Tracks status of purchase orders and keeps district contact informed of status;

Coordinates delivery to the district which includes verifying that the complete order is received in operational condition and follows up on returns or missing/broken parts;

Maintains an inventory of all equipment/software purchased; makes district aware of the maintenance status of equipment and software renewals on an annual basis and facilitates renewal as requested by the district(s);

Provides information as requested to assist districts in planning for upgrades, replacements, and expansion of new projects;

Keeps supervisor informed of any problem(s) and suggests a course of action;

Works with various staff and specialists to ensure that each project proposal is complete;

Works closely with various staff in Instructional Services and the Business Office as needed to complete each project;

Works as an integral member of the Educational Technology team to deliver and improve quality of service and ensure effective, seamless communication with all districts.
